Wish I Had An Angel by Nightwish

Fill in the gaps

I wish I had an angel	Burning (/) wings to dust
For one moment of love	I wish I had your angel tonight
I wish I had your angel tonight	Greatest thrill
Deep into a dying day	Not to kill
I took a step outside	But to have the prize of the night
An innocent heart	Hypocrite
Prepare to (1) me fall when I may	Wannabe friend
This night will hurt you like never before	13th disciple who betrayed
Old loves they die hard	Me for nothing!
Old lies they die harder	Last dance, first kiss
I wish I had an angel	Your touch, my bliss
For one moment of love	Beauty always comes
I wish I had your angel	With (8) thoughts
Your Virgin Mary undone	I wish I had an angel
I'm in love with my lust	For one moment of love
Burning angel wings to dust	I wish I had your angel
I wish I had your angel tonight	Your Virgin Mary undone
I'm going down so (2) and cruel	I'm in love with my lust
Drunken disguise changes all the rules	Burning angel wings to dust
Old (3) die hard	I wish I had your (9) tonight
Old (5) they die harder	I wish I had an angel
I wish I had an angel	I wish I had an angel
For one moment of love	I wish I had an angel
I wish I had (6) angel	I (10) I had an angel
Your Virgin Mary undone	
I'm in love with my lust
