Dance Of Death (Live) by Iron Maiden

My free spirit was laughing and howling down at me

	Below my undead body
Let me tell you a story to chill the bones	Just danced the circle of dead
About a (1) that I saw	Until the time came to reunite us both
One night wandering in the everglades	My spirit came back down to me
d one drink but no more	I didn't know if I was alive or dead
was rambling, enjoying the bright moonlight	As the others all joined in with me
Gazing up at the stars	By luck then a (3) started
Not aware of a presence so (2) to me	And took the attention away from me
Vatching my every move	When they took their gaze (4) me
Feeling scared and I fell to my knees	Was the moment that I fled
As something rushed me from the trees	I ran (5) hell faster than the wind
Fook me to an unholy place	But behind I did not glance
And that is where I fell from grace	One thing that I did not dare
Then they summoned me over to join in with them	Was to look just straight ahead
To the dance of the dead	When you know that your time has come around
nto the circle of fire I followed them	You know you'll be prepared for it
nto the middle I was led	Say your last goodbyes to everyone
As if time had stopped still I was numb with fear	Drink and say a prayer for it
But still I wanted to go	When you're lying in your sleep
And the blaze of the fire did no hurt upon me	When you're lying in your bed
As I walked onto the coals	And you wake from your (6) to go dancing
And I felt I was in a trance	with the dead
And my spirit was lifted from me	When you're lying in your sleep
And if only someone had the chance	When you're (7) in your bed
To witness what happened to me	And you wake (8) your dreams to go dancing with
And I danced and I pranced and I sang with them	the dead
All had death in their eyes	To this day I guess I'll (9) know
ifeless figures they were undead all of them	Just why they let me go
They had ascended from hell	But I'll never go dancing no more
As I danced with the dead	'Til I (10) with the dead
