## SUB inglés

Believe in you and me, one love...

#### Fill in the gaps

## One Love by David Guetta & Estelle

Can anybody help me?	Now I could try and fix this all by myself
I'm outta plans	But I know it'd turn out better if you help
Guess I (1) my (2) in somebody's	No one likes to hurt but
hands	But everyone gets weak
I don't like to hurt but	Someone to rely on
But (3) (4) weak	That's (14) everybody needs
Someone to rely on	Now (15) we stay
That's what I really need	It's all (16) we're worth
Now here we stay	I've been through the pain and
It's all (5) we're worth	Been dragged through the dirt
I've (6) through the pain and	Whatever (17) (18) you were
Been dragged through the dirt	(19) than words
Whatever (7) (8) you were bigger than	I've been where you're standing
words	I know how it hurts
I've been where you're standing	Let this be a song now and (20) be our day
I know how it hurts	And we (21) together we'll be okay
Let this be a song now	'Cause we're survivors
And this be our day	We're making it work
And we stand together	Expecting the best when they (22) for the worst
We'll be okay	One love
'Cause we're survivors	This is the way we found (one love)
We're making it work	Even (23) they'll let you down (one love)
Expecting the best (9) hope for the	Nobody's perfect now (one love)
worst	Don't let that hold you down (one love)
(One love)	Let's stick (24) now (one love)
This is the way we found (one love)	We got to stand our ground (one love)
Even though they'll let you down (one love)	It's easy to believe in, one love
Nobody's perfect now (one love)	Believe in you and me
Don't let that (11) you down (one love)	One love
Let's stick together now (one love)	
We got to (12) our ground (one love)	
It's easy to (13) in, one love
