You wear guilt	And (11) our worlds they fall apart
Like shackles on your feet	When the (12) come (13)
Like a (1) in reverse	in
I can feel	Though we may (14) it
The (2) in (3) seat	It will be (15) it

There's a pain	When the (18) come tumbling in
A famine in (4) heart	Though we may deserve it
An aching to be free	It (19) be worth it
Can't you see	And when our worlds (20) (21) apar
All love's luxuries	When the walls (22) tumbling in

And (6) our worlds they fall apart	It will be worth it
When the (7) come (8) in	And when our (23) they fall apart
Though we may (9) it	When the walls come tumbling in
It will be worth it	Though we may (24) it
Bring your chains	It will be (25) it
Your (10) of tragedy	
And fall into my arms
