

## Fill in the gaps

| Her green plastic watering can |              |     |
|--------------------------------|--------------|-----|
| For her fake (1)               | rubber plant |     |
| In the (2) plastic earth       |              |     |
| That she bought from a (3)     |              | man |
| In a town full of rubber plans |              |     |
| To get rid of itself           |              |     |
| It wears her out               |              |     |
| It (4) her out                 |              |     |
| She lives with a broken man    |              |     |
| A cracked polystyrene man      |              |     |
| Who just crumbles and burns    |              |     |
| He used to do surgery          |              |     |
| For girls in the eighties      |              |     |
| But gravity always wins        |              |     |
| It wears him out               |              |     |
| It wears him out               |              |     |

| It (5) him out                            |
|---|
| It wears him out                          |
| She (6) like the (7) thing                |
| She tastes (8) the real thing             |
| My fake plastic love                      |
| But I can't help the feeling              |
| I could blow (9) the ceiling              |
| If I (10) turn and run                    |
| It wears me out                           |
| It wears me out                           |
| If I could be who you wanted              |
| If I could be who you wanted all the time |
| All the time                              |
