

Fill in the gaps

You have my heart	You can stand under my umbrella
And we'll never be worlds apart	(Hey, hey, hey)
Maybe in magazines	You can run into my Arms
But you'll still be my star	It's okay don't be alarmed
Baby cause in the dark	Come into Me
You can see shiny cars	There's no distance in between our love
And that's when you need me there	Gonna let the rain pour
With you I'll always share	I'll be all you need and more
Because	You can stand, you can stand
When the sun shines, we'll shine together	When the sun shines, we'll shine together
Told you I'll be here forever	Told you I'll be here forever
That I'll always be your friend	That I'll always be your friend
Took an oath I'm a stick it out (1) the end	Took an oath I'm a stick it out till the end
Now that it's raining (2) than ever	Now that it's raining more than ever
Know that we still have each other	Know that we still have each other
You can stand under my umbrella	You can (8) (9) my umbrella
You can stand under my umbrella	You can stand under my umbrella
You can stand under my umbrella	You can stand under my umbrella
(Hey, hey, hey, hey)	(Hey, hey, hey, hey)
These fancy things, will never come in between	When the sun shines, we'll shine together
You're part of my entity, here for Infinity	Told you I'll be here forever
When the war has took it's part	That I'll always be your friend
When the world has dealt it's cards	Took an oath I'm a stick it out till the end
If the hand is hard, together we'll mend (3) heart	Now that it's raining more than ever
Because	Know (10) we still have each other
When the sun shines, we'll shine together	You can stand under my umbrella
Told you I'll be here forever	You can stand under my umbrella
That I'll always be your friend	(You can stand, you can stand, you can stand)
Took an oath I'm a stick it out till the end	(Oh you can stand)
Now that it's (4) more (5) ever	(You can stand, you can stand, you can stand)
Know that we still (6) each other	(Umbrella)
You can stand (7) my umbrella	
You can stand under my umbrella
