

## Fill in the gaps

| This is my life   | And now that were here  |
|---|---|
| ts not what it was before                                   | So far away   |
| All these feelings I've shared                              | All the struggle we thought was in vain                       |
| And these are my dreams                                     | And all mistakes one life contains                            |
| That I've never lived before                                | They all finally start to go away                             |
| Somebody shake me   | And now that were here  |
| Cause I, I must be sleeping                                 | So far away   |
| And now that we're here,                                    | And I feel (6) I can face the day                             |
| So far away   | I can forgive, and I'm not ashamed to be the person that I am |
| All the struggle we (1) was in vain                         | today   |
| And all the mistakes,                                       | I'm so afraid of waking                                       |
| One (2) contained   | Please don't shake me   |
| They all finally start to go away                           | Afraid of waking  |
| And now that we're (3) its so far away                      | Please dont shake me  |
| And I feel like I can face the day                          | And now that were here  |
| can forgive, and I'm not ashamed to be the person that I am | So far away   |
| oday  | All the struggle we thought was in vain                       |
| These are my words  | And all the mistakes one life contains                        |
| That I've never (4) before                                  | They all finally start to go away                             |
| think (5) doing ok  | And now that were here  |
| And this is the smile                                       | So far away   |
| That I've never shown before                                | And I feel (7) I can face the day                             |
| Somebody shake me   | I can forgive, and (8) not (9)                                |
| Cause I. I must be sleeping                                 | to be the person that I am today                              |
