My Friends Over You by New Found Glory

I'm (1) off your kiss	And I didn't mean to
For another night in a row	Lead you on
This is becoming too routine for me	You were (7) I wanted
But I did not mean to lead you on	But I just can't finish what I've started
And (2) all right to pretend	There's no room left here on my back
That we still talk	It was damaged long ago
It's just for show, isn't it	Though you swear that you are true
It's my fault that it fell apart	I still pick my friends over you
Just maybe	My friends over you
You need this	Just maybe you need this
And I didn't mean to	You need this
Lead you on	And I didn't mean to
You were everything I wanted	Lead you on
But I just can't finish what I've started	You were everything I wanted
There's no room left here on my back	But I just can't finish what I've started
It was damaged long ago	There's no room left here on my back
Though you swear that you are true	It was damaged long ago
I still pick my (3) over you	Though you swear that you are true
My friends over you	I still pick my friends over
Please (4) me everything	You were everything I wanted
That you think that I should know	But I just can't finish what I've started
About all the plans you made	There's no room left here on my back
When I was nowhere to be found	It was damaged (8) ago
And it's all right to forget	Though you swear that you are true
That we still talk	I still (9) my friends (10) you
It's just for fun, isn't it	My friends over you
It's my fault (5) it fell apart	
Just (6) you need this
