Nothing To Fear by Chris Rea

Fill in the gaps

I feel your heat in dusty whispers
The wind is cold around (1) moon
It's getting hard to keep our distance
I know your time is coming soon
Don't point your dream on my horizon
Don't take your rose too far from home
Please don't forget we're not each other
Each soul has black (2) of his own
I see you dancing
Your song is clear
You've got to show me, got to show me
There's nothing to fear
Nothing to fear
I (3) my (4) ones you have yours

I (3) my (4) ones you have yours
I (3) my (4) ones you have yours So let us gaze (5) the feast
I (3) my (4) ones you have yours So let us gaze (5) the feast In God's own name let's eat together
I (3) my (4) ones you have yours So let us gaze (5) the feast In God's own name let's eat together In God's own name please come in peace
I (3) my (4) ones you have yours So let us gaze (5) the feast In God's own name let's eat together In God's own name please come in peace See how our children play together
I (3) my (4) ones you have yours So let us gaze (5) the feast In God's own name let's eat together In God's own name please come in peace See how our children play together While you and me we stand alone
