

Fill in the gaps

Many (1) I've tried to tell you	For (15) or for better
Many times I've cried alone	We belong, we belong
Always I'm surprised how well you	We belong together
Cut my (2) to the bone	Close your eyes and try to (16) now
Don't wanna leave you really	Close your eyes and try to dream
I've invested too (3) time	Clear (17) (18) and do (19)
To give you up that easy	best
To the (4) (5) complicate	To try and wash the (20) clean
(6) mind	We can't begin to know it
We belong to the light	How much we (21) care
We belong to the thunder	I hear your voice (22) me
We (7) to the sound of the words	I see your face everywhere
We've (8) under	Still you say
Whatever we deny or embrace	We belong to the light
For worse or for better	We belong to the thunder
We belong, we belong	We belong to the sound of the words
We belong together	We've both fallen under
Maybe it's a (10) of weakness	Whatever we deny or embrace
When I don't (11) what to say	For (23) or for better
Maybe I just wouldn't know	We belong, we belong
What to do with my strength anyway	We belong together
Have we (12) a habit	We belong to the light
Do we distort the facts	We belong to the thunder
Now there's no (13) forward	We belong to the sound of the words
Now there's no turning back	We've both fallen under
When you say	Whatever we deny or embrace
We (14) to the light	For (24) or for better
We belong to the thunder	We belong, we belong
We belong to the sound of the words	We (25) together
We've both fallen under	
Whatever we deny or embrace
