

Time after time
After my picture fades

Fill in the gaps

Lying in my bed I hear the clock tick	And darkness has turned to gray
And think of you	(3) through windows
Caught up in circles	You're wondering if I'm OK
Confusion is nothing new	Secrets stolen from deep inside
Flashback warm nights	The drum beats out of time
Almost left behind	If you're lost you can look and you will find me
Suitcases of memories	Time after (4)
Time after	If you fall I will catch you I'll be (5)
Sometimes you picture me	Time after time
I'm walking too far ahead	You said go slow
You're calling to me	I (6) behind
I can't hear what you've (1)	The second hand unwinds
Then you say go (2)	If you're lost you can (7) and you will find me
I fall behind	Time after time
The second hand unwinds	If you fall I (8) catch you I'll be waiting
If you're lost you can look and you will find me	Time after time
Time after time	If you're lost you can look and you will find me
If you fall I will catch you I'll be waiting	Time after time
Time after time	If you fall I will catch you I'll be (9)
If you're lost you can look and you will find me	Time after time
Time after time	Time after (10) (bis)
If you fall I will catch you I'll be waiting
