

Fill in the gaps

Lying in my bed I hear the clock tick	And darkness has turned to gray
, ,	.
And think of you	Watching through windows
Caught up in circles	You're wondering if I'm OK
Confusion is nothing new	Secrets stolen from deep inside
(1) warm (2)	The drum beats out of time
Almost left behind	If you're lost you can look and you will find me
Suitcases of memories	Time after time
Time after	If you fall I will catch you I'll be waiting
Sometimes you picture me	Time after time
I'm walking too far ahead	You said go slow
You're calling to me	I fall behind
I can't hear what you've said	The second hand unwinds
Then you say go slow	If you're lost you can look and you will find me
I fall behind	Time (8) time
The second (3) unwinds	If you (9) I will catch you I'll be waiting
If you're lost you can look and you will find me	Time after time
Time after time	If you're lost you can look and you will (10) me
If you (4) I (5) catch you I'll be waiting	Time after time
Time after time	If you fall I will catch you I'll be waiting
If you're lost you can look and you will find me	Time after time
Time after time	Time after time (bis)
If you fall I will catch you I'll be waiting	
Time after time
