

## Fill in the gaps

## Bulletproof Heart by My Chemical Romance

Gravity	we can do it again.
Don't mean too (1) to me	The papers say,
I'm who I've got to be	"Johnny won't you come (16) home?"
These (2) are (3) me,	'Cause everyone (17) you don't
After you	Want to give up yourself, then tell the truth
Run away,	And God (18) (19) you
Like it was yesterday	Gravity
And we could run away	Don't mean too much to me
If we could run away,	I'm who I've got to be
Run away from here	These (20) are after me,
got a bulletproof heart	After you
You got a (4) point smile	Run away
Me and your runaway scars,	Like it was yesterday
Got a photograph (5) on the getaway mile	And we could run away,
Let's blow a hole in this town	If we could run away,
Too (6) talking (7) the laser blade	Run away from here
Gunnin' out of this place in a bullet's embrace	And though I know how much you hate this
Then we'll do it again	Are you gonna be the ones to save us?
How can they say,	From the black and hopeless feeling?
"Jenny could you come back home?"	Will you mean it when the end comes reeling?
Cause everybody knows you don't	Hold your heart into this darkness
Ever wanna (8) back,	Will it (21) be the (22) to shine you
let me be the one to save you	out
Gravity	Or (23) and leave you stranded
Don't mean too (9) to me	I ain't gonna be the one left standing
I'm who I've got to be	You ain't (24) be the one (25)
These pigs are after me,	standing
After you	We ain't gonna be the ones left standing
Run away	Gravity
Like it was yesterday	Don't mean too much to me
When we could run away,	Is this our destiny?
When we could run away,	This world is after me,
Run away from here	After you
I'm shootin' out of this moon	Run away
Because I sure don't (10) the company	Like it was yesterday
Stop your preaching right there	And we (26) run away,
'Cause I (11) don't (12) and I'll do	Run away, run away,
it again	Run away from here
So get me out of my head	Yeah, away from here
'Cause it's getting (13) cramped, you know	Away from (27)
Coming ready or not, (14) the motor	
(15) hot
