

Happiness, it hurt like a bullet in the mind

## Dogs days are over by Florence + The machine

Happiness, it hurt like a train on a track	Stuck them up drainpipes
Coming towards her, stuck still no turning back	By someone who should know (6) than that
She hid around corners and she hid under beds	The dog days are over
She killed it (1) kisses and from her made she fled	The dog days are gone
With every bubble she sank with a drink	Can't you hear the horses?
And washed it away down the kitchen sink	Because here they come
The dog days are over	Run fast for your mother and fast for (7) father
The dog days are done	Run for your (8) for your sisters and the
The horses are coming so you better run	brothers
Run fast for your mother run fast for your father	Leave all your love and your loving behind you
Run for your (2) and for your sisters and	Can't carry it with you if you want to survive
the brothers	The dog days are over
(3) all your love and your loving behind you	The dog days are gone
Can't carry it with you if you want to survive	Can't you hear the horses?
The dog days are over	Because here they come
The dog days are done	The dog days are over
Can't you hear the horses?	The dog days are gone
Because here (4) come	Can't you hear the horses?
And I never wanted anything from you	Because (9) they come
Except everything you had	
And what was (5) after that too.
