## SUB inglés

And we'll never be afraid again

## Spectrum by Florence + The machine

When we first came here	(DIS X2)
We (1) cold and we were clear	And (7) we come back
With no colors on our skin	We'll be (8) in black
We were light and paper-thin	And you'll scream our names aloud
And (2) we first came here	And we won't eat and we won't sleep
We were cold and we were clear	We'll drag bodies from their graves
With no colors on our skin	So say my name
Till you let the spectrum in	And every color illuminates
Say my name	And we are shining
And every color illuminates	And we'll never be (9) again
We are shining	Say my name
And we'll never be afraid again	As every color illuminates
(bis x2)	Say my name
And when we come for you	And every (10) illuminates
We dressed up all in blue	We are shining
With the ocean in our arms	And we'll never be afraid again
Kiss your (3) and kiss your palms	(bis x2)
But when it's time to pray -better pray you all-	Say my name
We (4) up all in gray	We are shining
With metal on our tongues	Say my name
And (5) in our lungs	Say my name
Say my name	And we'll never be afraid again
And every (6) illuminates	
We are shining
