Make a move by Icon for hire

We don't wanna make a move

We got all us to live screaming in the dark

Fill in the gaps

-Somebody make a move-	While we just play our part
-Somebody make a move, somebody-	I'll play right along
Test my reality	Like I don't know what's going on
Check if there's a weak spot	Somebody make a move
Clinging to insanity	Somebody make a move
Hopes the world will ease up	Please (6) make a move
Try to make it look like	We all know, we all know what's going on
It's all somehow getting better	Pointing my fingers the problems still linger
Because I know how to (1) it pretty good	They keep getting bigger and I hold the trigger
Against the measure	Running with fire I live like a liar
Everyone started out a little insane	Please somebody make a move
But you learn pretty quick how to (2) it for the	-Somebody make a move- I'm pointing my fingers
game	-Somebody make a move- The problems still linger
But some of you	- Somebody make a move- I'm pointing my fingers
(3) learned to drop the act	Please somebody (7) a move
So under that skin of (4) a (5)	Because everybody's so scared
attack	We don't wanna go there
Because everybody's so scared	We don't wanna make a move
We don't wanna go there	(8) in the dark
We don't wanna make a move	While we just play our part
We got all us to live screaming in the dark	I'll play right along
While we just play our part	Because everybody's so scared
I'll play right along	We don't wanna go there
Like I don't know what's going on	We don't wanna make a move
Somebody make a move	We got all us to live (9) in the dark
Somebody make a move	While we just (10) our part
Please somebody make a move	I'll play right along
We all know, we all know what's going on	Like I don't know what's going on
Hey if I had the answers I'd have written them out	Somebody make a move
So I could tell you what to do and what this thing is about	Somebody make a move
But all I've ever learned comes second-hand	Please somebody make a move
And I dare not preach what I don't detent	We all know, we all know what's going on
You and I, we share the same disease	Somebody make a move
Cover up, compromise what we grieve	Somebody make a move
I've let more than my share of revivals die	Please somebody make a move
This isn't pretty but it's what I am tonight	We all know, we all know what's going on
Because everybody's so scared	
We don't wanna go there
