

Fill in the gaps

Up by James Morrison & Jessie J

How can I find you		It's never too late to (14) it back around
When (1)	always hiding from yourself	Yeah I know you can
Playing hide and seek with me		Don't bury (15) (16) deep in the
(2) it gets too dark		ground
Too dark, inside your shell		When it all falls down
Why do I (3) try		The (17) way is up, up
When you (4) me for granted		The only way is up, up, up
I should know better by now		Well, it's your love that's strong
When you call I already hear (5) crashing sound		(18) the only (19) that
As it all falls down		(20) me (21) on
It's never too late to (6) it back around		It's your heart this weak
Yeah I know you can		But it's not too weak to bring you back to me
(7) bury your days deep in the ground		It's never too late to turn it back around
When it all (8) down		Yeah, I know you can
The only way is up, up, up		Don't (22) (23) days deep in the
The (9) way is up		ground
I watch (10) spirit break		When it all (24) down
As it shatters into a million pieces		(25) it all falls down
Just like glass I see right through you		It's never too late to turn it back around
In (11) parade of excuses		Its never too late
Feels like groundhog day		(26) it all falls down
You say the same things over and over		The only way is up
There's that look in your eye		The only way is up, up, up
And I (12) that (13) sound		The only way is up
As it all falls down		(27) it all (28) down
