## Tattoos on this town by Jason Aldean

There's still black marks on that (1)	road	It's everything we're made of
Where we (2) raced our pick ups		It sure left it's mark on us,
And mustangs		We sure (3) our mark on it
And weathered on the summer rain		We let the world know we (4) here
And to this day up on that overpass		(5) everything we did
Even underneath the new paint, you can still see:		We laid a lot of memories down,
"Allie will you marry me?"		Like tattoo's on this town
Take a ride, look around		Like tattoo's on this town
There ain't no doubt		Everywhere, (6) we are
It sure left it's mark on us,		It hits me right, in my heart
We sure left our mark on it		It sure left it's (7) on us,
We let the world know we were here		we sure left our mark on it
With everything we did		We let the (8) know we were here
We laid a lot of memories down		With everything we did
Like tattoo's on this town		We laid a lot of (9) down,
There's still a rope burn on the old branch,		But we'll always be hanging around
that hangs over the river, I still got the scare		Like tattoo's on this town
From swinging out a little too far		Like tattoo's on this town
There ain't a corner of this hallowed ground,		
That we ain't laughed or cried on,
