

Fill in the gaps

Working class hero by John Lennon

As soon as you're born	you're so full of fear
They make you feel small	A working (4) (5) is something to b
By giving you no time (1) of it all	A working class hero is something to be
Till the pain is so big	Keep you doped (6) religion and sex and TV
You feel nothing at all	And you think you're so clever and classless and free
A working class hero is something to be	But you're still fuc**g peasant as far as I can see
A working class hero is something to be	A working class hero is something to be
They hurt you at home	A working class hero is something to be
And they hit you at school	There's room at the top (7) are telling you still
They (2) you if you're clever	But (8) you must learn how to smile as you kill
And they despise a fool	If you want to be like the folks on the hill
Till you're so fuc**g crazy	A working class hero is something to be
You can't follow their rules	A working class (9) is something to be
A working class hero is something to be	If you want to be a hero
A working class (3) is something to be	Well, just follow me
When they've tortured and scared you	If you want to be a hero
for twenty odd years	Well, just follow me
Then they expect you to pick a career	
When you can really function
