## Walk away by Kelly Clarkson

I'm looking for attention

## Fill in the gaps

You've got your (1) and your brother	Not another question
Every other undercover	Should you stay or should you go?
Tellin' you what to say -say-	Well, if you don't have the answer
You think I'm stupid	Why are you still standin' here?
But the truth is	Just walk away
That it's cupid, baby	(bis x2)
Lovin' you has made me this way	I wanna love
So before you point your finger	I want a fire
Get your hands off of my trigger	To feel the burn
You (2) to know this situation's getting old	My desires
And now the more you talk	I want a man by my side
The (3) I can take, oh	Not a boy who runs and hides
I'm looking for attention	Are you gonna fight for me?
Not another question	Die for me?
Should you stay or should you go?	Live and breathe for me?
Well, if you don't have the answer	Do you care for me?
Why are you still standin' here?	'Cause if you don't then just leave
Just walk away	I'm (7) for attention
(bis x2)	Not another question
I waited here for you	Should you stay or should you go?
Like a kid waiting after school	Well, if you don't (8) the answe
So tell me how (4) you never showed -showed-?	Why are you still standin' here?
I gave you everything	Just walk away
And never asked for anything	If you don't have the answer
And look at me	(9) away
I'm all alone -alone-	Just walk -walk- away
So, (5) you start defendin'	-Just (10) away-
Baby, stop all your pretendin'	Then just leave
I know you (6) I know	Walk away
So what's the point in being slow	
Let's get the show on the road today
