

## Fill in the gaps

| Saw you leaning against that old record machine    |                          | Come give me some of that                  |
|--|--------------------------|--|
| Saw the name of your band written on the marquee   |                          | Yum like a lollipop, baby, don't be scared |
| It's a full moon (1)                               | _ so we're getting rowdy | Come on because I know what I like         |
| Yeah, we're getting rowdy, get, get, getting rowdy |                          | And you're looking just like my type       |
| Feeling like I'm a high schooler                   |                          | Let's go for it just for tonight           |
| Sipping on a warm wine cooler                      |                          | Oh c'mon, c'mon, c'mon                     |
| Hot because the party don't stop                   |                          | Now don't even try to deny                 |
| I'm in a crop top                                  |                          | We're both going home satisfied            |
| Like I'm working at Hooters                        |                          | Let's go for it just for tonight           |
| We've been keeping it PG                           |                          | Oh c'mon, c'mon, c'mon                     |
| But I wanna get a little frisky                    |                          | I don't wanna go to sleep                  |
| Come give me some of that                          |                          | I wanna (6) up all night                   |
| Yum like a lollipop, let me set you free           |                          | I wanna (7) screw around                   |
| Come on because I know what I like                 |                          | I don't wanna think about                  |
| And you're looking just like my type               |                          | What's gonna be after this                 |
| Let's go for it just for tonight                   |                          | I wanna just (8) right now                 |
| Oh c'mon, c'mon                                    |                          | I don't wanna go to sleep                  |
| Now don't even try to deny                         |                          | I wanna stay up all night                  |
| We're both going home satisfied                    |                          | I wanna just screw around                  |
| Let's go for it just for tonight                   |                          | I don't (9) think about                    |
| Oh c'mon, c'mon                                    |                          | What's gonna be after this                 |
| Write our names on the wall in the back of the bar |                          | I wanna just live right now                |
| Steal some bubble gum from the corner meximart     |                          | Come on because I know what I like         |
| Now we (2) kids                                    |                          | And you're looking just like my type       |
| Causing trouble in the dark                        |                          | Let's go for it just for tonight           |
| Causing trouble in the dark, trouble in the dark   |                          | Oh c'mon, c'mon, c'mon                     |
| Feeling like a sabre tooth tiger                   |                          | Now don't even try to deny                 |
| Sipping on a (4) Budweiser                         |                          | We're both going home satisfied            |
| Touch me and give me that rush                     |                          | Let's go for it just for tonight           |
| Better pack a toothbrush                           |                          | Oh c'mon, c'mon, c'mon                     |
| Gonna pull an all-nighter                          |                          |  |
| We been keeping it Kosher                          |                          |  |
| But I (5) get it on for                            | sure                     |  |
