

Cold Front by Laura Welsh

Don't want to think about it Don't need a picture of it I think we've traveled enough No resolution to it, constant confusion The (1)_____ (2)____ tears you up So could we alter the lies? Could we open the night? The signs are screaming at us The signs are screaming Sad, but we will break it I don't want to leave you now I don't want to leave you now I can see you're faking I don't want to leave you now I don't (3)_____ to leave you now -l don't (4)_____ to leave you now--I don't want to leave you now--I don't want to leave you now--I don't want to leave you now-Can we just talk about it? Instead of skating from it I think we've wandered enough Cold front with everybody The bitter sweet embrace Kind that fused too much So could we alter the pace?

Could we open the race? The signs are screaming at us
