

Fill in the gaps

All the lights (1) travelling (2)	For the (11) time, first (12) let your
speed	light shine
Every road is clear	Oh so brighter that still
Heading to nowhere	(13) (14) let your light shine
But I feel, I feel so alive for the first time	See it all the other stars
Put your (3) to mine and let's blaze	For the first time, first time let your light shine
(4) the sky	And no longer feel the night
You'll see there are no way through another lips	Brighter, (15) let (16)
Because it feels, this feels like us for the first time	(17) shine
For the first time, first time, let your light shine	Tonight, (18) we watch the world come to
Oh so brighter that still	life, to life
Higher higher let your light shine	Alive, alive watch the (19) come to life
See it all the other stars	It will be alright
For the first time, (5) time let your light shine	For the (20) time, first time let your light shine
And no (6) feel the night	Oh so brighter that still
Brighter, brighter let your light shine	(21) (22) let your light shine
For the first time	See it all the other stars
No more (7) to break	For the first time, (23) time let (24)
It's your life to waste	light shine
(8) we need	And no longer feel the night
All that (9) screen	Brighter, brighter let your light shine
And it feels, feels like (10) mind for the first time	For the first time, for the first time
