

Fill in the gaps

All the lights agree (1) super speed	For the first time, first time let your light shine
Every road is clear	Oh so brighter that still
Heading to nowhere	Higher higher let your light shine
But I feel, I feel so alive for the first time	See it all the other stars
Put your (2) to mine and let's blaze across the sky	For the first time, first time let your light shine
You'll see there are no way through another lips	And no longer feel the night
Because it feels, this feels like us for the first time	Brighter, brighter let your light shine
For the first time, first time, let your light shine	Tonight, tonight we (5) the world come to life, to
Oh so brighter that still	life
Higher higher let your light shine	Alive, (6) watch the world come to life
See it all the other stars	It will be alright
For the first time, first (3) let your light shine	For the first time, (7) time let your
And no longer feel the night	(8) shine
Brighter, brighter let your light shine	Oh so brighter that still
For the first time	Higher higher let your (9) shine
No more rules to break	See it all the other stars
It's your life to waste	For the first time, first time let your (10) shine
Everything we need	And no longer feel the night
All that (4) screen	Brighter, brighter let your light shine
And it feels, feels like your mind for the first time	For the first time, for the first time
