Are we on the lonely side?	(6) oh this isn't the way
Say oh no, the past gone away	And please be there I can barely hang on
No, we're so (1) in the (2) of our hearts	But oh I'll wait till I break, yeah, yeah
That oh no, there's no light on there	Somebody left the gate open
No oh, no oh	You know we got lost on the way
One, two, three, four	Come save us a runaway (7) going insane
Somebody left the gate open	How do we, how do we not fade?
You know we got lost on the way	How do we, how do we, how do we not fade away?
(3) save us a runaway train going insane	How do we, how do we oh?
How do we, how do we not fade?	(8) the wild
How do we, how do we not fade away?	How are we leaving, leaving, leaving into the wild?
How do we, how do we oh?	How are we leaving, leaving, leaving into the wild?
Into the wild	How are we leaving, leaving, leaving into the wild?
How are we leaving, leaving, leaving (4) the wild?	How are we leaving leaving?
How are we leaving leaving?	
Oh please believe me I'm more (5) than not
