

## Fill in the gaps

'm at a payphone trying to call home	Baby it's all wrong
All of my change I spent on you	Where are the plans we (13) for two?
Where (1) the times gone	If happy ever after did exist
(2) it's all wrong	I would still be holding you like this
Vhere are the plans we made for two?	And all those fairy tales are (14) of s*it
Yeah, I, I know it's hard to remember	One (15) fucking love song I'll be sick
The people we used to be	Now I'm at a payphone.
t's even harder to picture	Man fuck that s*it
That you're not here next to me	I'll be out spending all this money
You say it's too late to make it	While you sitting around
But is it too late to try?	Wondering why it wasn't you who came up from nothing
And in our (3) that you wasted	Made it from the bottom
All of our (4) burned down	Now when you see me I'm stunning
've wasted my nights	And all of my (16) start with a push of a button
You turned out the lights	Telling me the chances I blew up
Now I'm paralyzed	Or whatever you call it
Still (5) in (6) time when we	Switch the number to my phone
7) it love	So you (17) (18) call it
But even the sun sets in paradise	Don't need my name on my show
'm at a payphone trying to call home	You can tell it I'm ballin
All of my change I (8) on you	Swish, what a shame could have got picked
(9) have the times gone	Had a really good (19)
Baby it's all wrong	But you missed your last shot
Where are the plans we made for two?	So you talk (20) who you see at the top
f happy (10) after did exist	Or (21) you could have saw
would still be holding you like this	But sad to say it's over for
All those fairy tales are full of s*it	Phantom pulled up valet open doors
One more f**king love song I'll be sick	Wiz like go away, got what you was looking for
You turned your back on tomorrow	Now it's me who they want
Because you forgot yesterday	So you can go
gave you my love to borrow	And take that little piece of s*it (22) you
But you just gave it away	I'm at a payphone (23) to (24)
You can't expect me to be fine	home
don't expect you to care	All of my change I spent on you
know I've said it before	Where have the (25) gone
But all of our bridges burned down	Baby it's all wrong
ve wasted my nights	Where are the plans we (26) for two?
You turned out the lights	If happy (27) after did exist
Now I'm paralyzed	I would still be holding you (28) this
(11) stuck in that time when we called it love	All those fairy (29) are full of s*it
But even the sun sets in paradise	One fucking stupid love song I'll be sick
m at a payphone trying to call home	Now I'm at a payphone.
All of my change I spent on you
