

Fill in the gaps

(1) out, gracefully	Out in the lion's den
Going nowhere, oh, quickly	In somebody's battle
I am older, day to day	Over belief systems
Still going back to my (2) way	Or (7) into the vacuum
Circuital	(8) neutrality
Round and round patiently	Well you can't lose nothing
Getting lost by the guide	But nothing can be gained
And I'm all worked up over nothing	Well anyway you cut it
Circuits	We're just spinning around
All in and out	Out on the circuits
Connect my body	Over the hollow grounds
Deep into the ground	Out on the circuits
Circuits	Over the hollow grounds
Connect the (3) to the Moon	(9) right back in the same place
And link our heavenly bodies	That we started out
Not a (4) too soon	Right back in the same place
Well you can (5) open the windows	Right (10) in the same place
Or you can board them up	That we starting out
(6) to a crown	
Or Christ's humble cup	
You think you'll find yourself out there
