

## Fill in the gaps

Spinning out, gracefully		Out in the lion's den
(1) nowhere, oh, quickly		In somebody's battle
I am older, day to day		Over belief systems
(2) going (3)	to my	Or disappear into the vacuum
(4) way		Total neutrality
Circuital		Well you can't lose nothing
(5) and (6) patiently		But nothing can be gained
(7) lost by the guide		Well (19) you cut it
And I'm all worked up (8) nothing		We're just spinning around
Circuits		Out on the circuits
All in and out		(20) the (21) grounds
(9) my body		Out on the circuits
(10) into the ground		Over the hollow grounds
Circuits		Heading right back in the same place
Connect the (11) to the Moon		(22) we started out
And (12) our (13)	bodies	(23) in the same place
Not a moment too soon		(25) back in the same place
(14) you can fling open the windows		(26) we (27) out
Or you can board (15) up		
(16) to a crown		
Or Christ's humble cup		
You (17) you'll find (18)		
out there
