## Days go by by Offspring

## Fill in the gaps

Watch to the light	It doesn't matter in the end
It won't save you tonight	Those days go by and we all start again
All our lesson is	(6) you had and what you lost
Pictures lost in time	(7) all memories in the wind
Never enough, towers crumble to dust	Those (8) go by and we all start again
(1) (2) on the moments of our	Days go by
lives	All your anger, all your hurt
All your anger, all your hurt	It doesn't matter in the end
It doesn't matter in the end	Those days go by and we all start again
Those days go by and we all start again	What you had and what you lost
What you had and what you lost	They're all memories in the wind
They're all memories in the wind	Those days go by and we all start again
Those days go by and we all (3) again	What you had, what you lost
Stars still (4) bright	What you had, what you lost
Seasons change overnight	Those days go by
As we find a way	Those days go by
The times they come and go	(9) days go by
Look back in love, a new day rises above	
With no end it comes, to carry you back home	
All (5) anger, all your hurt
