

That shines as bright as you in my telescope

Fill in the gaps

Vell, I tried to fake it		I tried to let it fade
Baby, I tried to break it		But I can't get away
But that's some kind of spell you got (1) me		I really hope you're listening
You're a heavenly vision		(7) I never thought I would say
Going to make it my mission		I can't help myself from falling in love
Do whatever it takes to get you with me		From falling in love with you, yeah
Everywhere I go		I can't help myself from taking the drug
Yeah, no one else I know		From (8) the drug
That shines as (2)	as you in my telescope	It's you, yeah
I tried to let it fade		It happens every time
But I can't get away		Can't get you off my mind
I really hope you're listening		And anybody else better wait in line
Because I never thought I would say		I can't (9) myself from falling in love
I can't help myself from falling in love		From falling in love with you, yeah
From falling in love with you, yeah		(10) told me "Son, you'll be addicted"
I can't help myself from taking the drug		You stole a kiss
(3)(4)	the drug	And now I see it
lt's you, yeah		You're in my veins
It happens every time		And I can feel it
Can't get you off my mind		Taking over me
And anybody else better wait in line		I can't help myself from falling in love
I can't help myself from falling in love		From falling in love with you, yeah
From (5) in love with you, yeah		I can't help myself from taking the drug
Every time you (6) calling		From taking the drug
Didn't think I'd be falling		It's you, yeah
Never thought It'd be you		It happens every time
I would always needed		Can't get you off my mind
Love was something to run from		And anybody else better wait in line
I was always the last one		I can't help myself from falling in love
That everyone thought would be in this dream		From falling in love with you, yeah
Everywhere I go		
Yeah, no one else I know
