

## Fill in the gaps

There's a (1)	another	Beam me up
(2) going on		Let me be lighter
In a parralell universe		(6) tired of being a fighter
Where nothing (3) and nothing	g hurts	I think a minute's enough
There's a waltz playing frozen in time		Just beam me up
Blades of grass on tiny bare feet		In my head I see your (7) blues
I look at you and you're looking at me		I hear your (8) and I
(4) you beam me up?		I (9) in two and now there's
Give me a minute		One of me with you
I don't know what I'd say in it		So when I need you, can I send you a sign?
I'd probably just stare		I'll burn a candle and (10) off the lights
Happy just to be there holding (5) f	ace	I'll pick up star and watch you shine
Beam me up		Just beam me up
Let me be lighter		Give me a minute
I'm tired of being a fighter		I don't know what I'd say in it
I think a minute's enough		I'd probably just stare
Just beam me up		Happy just to be there holding your face
Saw a blackbird soaring in the sky		Beam me up
Barely a breath I caught one last sight		Let me be lighter
Tell me that was you saying goodbye		I'm tired of being a fighter
There are times I feel the shiver and cold		I think a minute's enough
It only happens when I'm on my own		Beam me up
That's how you tell me I'm not alone		Beam me up
Could you beam me up?		Beam me up
Give me a minute		Could you beam me up?
I don't know what I'd say in it		
I'd probably just stare		
Happy just to be there holding your face
