

Fill in the gaps

Where it began		And when I hurt
I can't begin to knowin'		Hurtin' runs off my shoulders
But then I know it's growing strong		How can I (4) when holding you
Was in the spring		Warm, touchin' warm
And spring became the summer		Reachin' out
Who'd have (1)	you'd come along?	Touching me
Hands, touchin' hands		Touching you
Reaching out		Sweet Caroline
Touching me		Good (5) never seem so good
Touching you		I've (6) inclined
Sweet Caroline		To believe they never would
Good (2) (3)	seemed so good	Oh, no, no
I've been inclined		Sweet Caroline
To believe it never would		Good times never seemed so good
But now I		Sweet Caroline
Look at the night		I believed they (7) could
And it don't seem so lonely		Sweet Caroline
We fill it up with only two		

1. believed

- 2. times
- 3. never
- 4. hurt
- 5. times
- 6. been
- 7. never
