

Fill in the gaps

Keep drinking coffee		You're so (5) (6) masks
Stare me down across the table		With my name on them in all caps
While I look outside		You got the talking down
So many things I'd say if only I were able		Just not the listening
But I just keep quiet		And who cares if you disagree?
And (1) t	he cars that pass by	You are not me
You've got opinions, man		Who (7) you king of anything?
We're all entitled to		So you dare tell me who to be?
But I never asked		Who died and made you king of anything?
So let me thank you for (2) time		All my life I've tried to make everybody happy
And try not to waste anymore of mine		While I just hurt and hide
And get out of here fast		Waiting for someone to tell me
I hate to break it to you babe		It's my (8) to decide
But I'm not drowning		Who cares if you disagree?
There's no one here to save		You are not me
Who cares if you disagree?		Who made you (9) of anything?
You are not me		So you dare tell me who to be?
Who made you king of anything?		Who died and made you king of anything?
So you dare tell me who to be?		Who cares if you disagree?
Who died and made you king of anything?		You are not me
You sound so innocent, all full of good intent		Who made you (10) of anything?
Swear you know best		So you dare tell me who to be?
But you (3)	me to jump up on board with you	Who died and made you king of anything?
And ride off into your (4) sunset		Let me hold your crown, babe
I'm not the one who's le	ost, with no direction	
But you'll never see
