

Fill in the gaps

Keep drinking coffee	You're so busy making masks
Stare me (1) across the table	(4) my name on them in all caps
While I look outside	You got the talking down
So many things I'd say if only I were able	Just not the listening
But I just keep quiet	And who cares if you disagree?
And count the cars that pass by	You are not me
You've got opinions, man	Who made you (5) of anything?
We're all entitled to	So you dare tell me who to be?
But I never asked	Who died and made you (6) of anything?
So let me thank you for your time	All my life I've tried to make everybody happy
And try not to waste anymore of mine	While I just hurt and hide
And get out of here fast	Waiting for someone to (7) me
I hate to break it to you babe	It's my turn to decide
But I'm not drowning	Who cares if you disagree?
There's no one here to save	You are not me
Who cares if you disagree?	Who (8) you king of anything?
You are not me	So you dare tell me who to be?
Who made you king of anything?	Who (9) and made you king of anything?
So you dare tell me who to be?	Who cares if you disagree?
Who died and (2) you king of anything?	You are not me
You sound so innocent, all full of good intent	Who made you king of anything?
Swear you know best	So you dare tell me who to be?
But you expect me to jump up on board (3) you	Who died and made you king of anything?
And ride off into your delusional sunset	Let me hold your crown, babe
I'm not the one who's lost, with no direction	
But you'll never see
