Fill in the gaps

The sound of silence by Simon & Garfunkel

(1) darkness, my old friend	That voices (18) share
I've come to talk with you again	And no one dare
(2) a vision softly creeping	Disturb the sound of silence
Left its seeds (3) I was sleeping	"Fools" said I
And the vision that was planted in my brain	You do not know silence (19) a cancer grows
Still remains	Hear my words that I might teach you
Within the sound of silence	Take my (20) that I (21) reach you
In (4) dreams I walked alone	But my words like (22) raindrops fell
(5) of cobblestone	And echoed in the (23) of silence
(7) the (8) of a street lamp	And the people bowed and prayed
I (9) my collar to the cold and (10)	To the (24) god they made
	And the sign flashed out its warning
When my eyes were stabbed	In the words that it was forming
By the (11) of a neon (12)	And the sign (25)
(13) (14) the (15)	"The words of the prophets
And touched the sound of silence.	Are (26) on the subway walls
And in the naked light I saw	And tenement halls
Ten thousand people, maybe more.	And (27) in the sounds of silence"
