SUB inglés

I just want to know you better, know you better

Fill in the gaps

Everything has changed by Taylor Swift

All I knew this morning when I woke is		Know you better now	
I know something now, know something now I didn't before		I just want to know you, know you, know you	
And all I've (1) since 18 hours ago is		Because all I know is we said hello	
Green eyes and freckles and your smile		And your eyes look like coming home	
In the back of my (2) making me feel like		All I know is a simple name and everything has changed	
I just want to know you better, know you better		All I know is you held the door	
Know you better now		You'll be (8) and I'll be yours	
I just want to know you better, know you better		All I know since (9)	is everything has
Know you (3)	now	changed	
I just want to know you better, know you better		Come back and tell me why I'm feeling like	
(4) you better now		I've missed you all this time	
I just want to know you, know you, know you		And (10) me there tonight	
Because all I know is we said hello		And let me know that it's not all in my mind	
And your eyes look like coming home		I just want to know you better, know you better	
All I know is a simple name and everything has changed		Know you better now	
All I know is you held the door		I just want to know you, know you, know you	
You'll be mine and I'll be yours		Because all I know is we said hello	
All I (5) (6) yesterday is everything		And your eyes look like coming home	
nas changed		All I know is a simple name and everything has changed	
And all my walls		All I know is you held the door	
Stood tall painted blue		You'll be mine and I'll be yours	
But I'll take (7) down, take them down		All I know since yesterday is everything has changed	
And open up the door for you		All I know is we said hello	
And all I feel in my stomach is butterflies		So dust off your highest hopes	
The beautiful kind making up for lost time		All I know is pouring rain	
Taking flight, making me feel like		And everything has changed	
I just want to know you better, know you better		All I know is a new found grace	
Know you better now		All my days, I'll know your face	
just want to know you better, know you better		All I know since yesterday is everything has changed	
Know you better now
