I just want to know you better, know you better

Fill in the gaps

Everything has changed by Taylor Swift

All I knew this morning when I woke is	Know you better now
I know something now, know something now I didn't before	I just want to know you, know you, know you
And all I've seen since 18 hours ago is	Because all I know is we said hello
(1) eyes and freckles and your smile	And your eyes look like coming home
In the back of my mind making me feel like	All I (5) is a simple name and everything has
I just want to know you better, know you better	changed
Know you better now	All I know is you held the door
I just want to know you better, know you better	You'll be mine and I'll be yours
Know you better now	All I (6) since yesterday is everything has changed
I just want to know you better, know you better	Come back and tell me why I'm feeling like
Know you better now	I've missed you all this time
I just want to know you, know you, know you	And meet me there tonight
Because all I know is we said hello	And let me (7) that it's not all in my mind
And your (2) look like coming home	I just want to know you better, know you better
All I know is a simple name and (3)	Know you better now
nas changed	I (8) want to know you, know you, know you
All I know is you held the door	Because all I know is we said hello
You'll be mine and I'll be yours	And your eyes look (9) coming home
All I know since yesterday is everything has changed	All I know is a simple name and everything has changed
And all my walls	All I know is you held the door
Stood tall painted blue	You'll be mine and I'll be yours
But I'll take them down, take them down	All I know since yesterday is everything has changed
And (4) up the door for you	All I know is we said hello
And all I feel in my stomach is butterflies	So dust off your highest hopes
The beautiful kind making up for lost time	All I know is pouring rain
Taking flight, making me feel like	And (10) has changed
I just want to know you better, know you better	All I know is a new found grace
Know you better now	All my days, I'll know your face
just want to know you better, know you better	All I know since yesterday is everything has changed
Cnow you better now
