#### Everything has changed by Taylor Swift

| All I knew this morning when I woke is                   | Know you better now                                    |
|--|--|
| I know something now, know something now I didn't before | I just want to know you, (9) you, know you             |
| And all I've seen since 18 hours ago is                  | Because all I know is we said hello                    |
| Green eyes and (1) and your                              | And your eyes look like coming home                    |
| (2)  | All I know is a simple name and everything has changed |
| In the back of my mind making me feel like               | All I know is you held the door                        |
| I just want to know you better, know you better          | You'll be mine and I'll be yours                       |
| (3) you better now                                       | All I know since yesterday is everything has changed   |
| I just want to know you better, know you better          | Come back and tell me why I'm feeling like             |
| Know you better now                                      | I've missed you all this time                          |
| I just want to know you better, know you better          | And meet me there tonight                              |
| Know you better now                                      | And let me know that it's not all in my mind           |
| I just want to know you, know you, know you              | I just want to know you better, know you better        |
| Because all I know is we said hello                      | Know you better now                                    |
