

Fill in the gaps

You've got a fast car	And your arm felt nice wrapped 'round my shoulder
I wanna a (1) to anywhere	And I had a feeling that I belonged
Maybe we make a deal	I had a feeling I could be someone, be someone, be someone
Maybe (2) we can get somewhere	You've got a a fast car
Any place is better	We go cruising entertain ourselves
Starting from zero, got nothing to lose	You still ain't got a job
Maybe we'll make something	Now I work in the (6) as a checkout girl
Me, myself, I've got nothing to prove	I know things will get better
You've got a (3) car	You'll find work and I'll get promoted
I've got a plan to get us out of here	We'll move out of the shelter
Been working at the convenience store	Buy a bigger house and live in the suburbs
Managed to save just a little bit of money	Say remember when we were driving, (7) in
Won't have to (4) too far	your car
Just cross the border and into the city	Speeds so fast it felt like I was drunk
You and I can both get jobs	City (8) lay out before us
And finally see what it means to be living	And your arm felt nice wrapped 'round my shoulder
See my old man's got a problem	And I had a feeling that I belonged
Live with the bottle, that's the way it is	I had a feeling I could be someone, be someone, be someone
He says his body's too old for working	You've got a fast car
His body's too young, to look like his	I've got a job that pays all our bills
When mama went off and left him	You stay out drinking late at the bar
She wanted more from life than he could give	See more of your friends than you do of your kids
I said somebody's got to take care of him	I'd always hoped for better
So I quit school and that's what I did	Thought maybe together you and me'd find it
You've got a fast car	I got no plans and I ain't going nowhere
Is it fast enough so we can fly away?	So take your (9) car and keep on driving
We gotta make a decision	You've got a (10) car
Leave tonight or live and die this way	Is it fast enough so you can fly away?
Say remember when we were driving, driving in your car	You gotta make a decision
Speed so fast it felt like I was drunk	Leave tonight or live and die this way
City lights lay out (5) us
