

All that I wanted was a little touch

Fill in the gaps

You were standing with (1) girlfriends in the street	A little tenderness and truth, I didn't ask for much, no
Falling back on forever	Talk about (4) at the wrong place
wonder what you came to be	At the wrong time
was new in town, the boy with the eager eyes	Miss Atomic Bomb
never was a quitter	(5) out we've got the radio on
Oblivious to schoolgirls' lies	You're gonna miss me when I'm gone
(2) I look back on those neon lights	You're gonna miss me when I'm gone
The leather seats, the passage rite	Racing shadows under moonlight
feel the heat, I see the light	We're taking chances on a hot night
Miss Atomic Bomb	And for a second there we'd won
Making out, we've got the radio on	Yeah we were innocent and young
You're gonna miss me when I'm gone	The dust cloud has settled, and my eyes are clear
You're gonna miss me when I'm gone	But sometimes in (6) of impact I still hear
Racing shadows under moonlight	Miss Atomic Bomb, I'm standing here
Through the desert on a hot night	Sweat on my skin
And for a second there we'd won	And this love that I've cradled
Yeah, we were innocent and young	Is wearing thin
Cast out of the night, well you've got a foolish heart	But I'm standing here and you're too late
So you took your place	(7) shock wave whisper has sealed your fate
But the fall from grace was the hardest part	Feels just like a dagger
t feels just like a dagger	Buried deep in your back
Buried deep in your back	You run for cover
You run for cover	But you can't escape the second attack
But you can't escape the second attack	Your soul was innocent
Your soul was innocent	She kissed him and she painted it (8)
She kissed him and she painted it black	You should (9) seen your little face burning for
You should have seen your little face	love
(3) for love, holding on for your life	-Miss Atomic Bomb-

1. your
