You were standing with your girlfriends in the street	A little tenderness and truth, I didn't ask for much, no
Falling back on forever	Talk about being at the wrong place
I wonder what you (1) to be	At the wrong time
I was new in town, the boy (2) the eager eyes	Miss Atomic Bomb
I never was a quitter	Making out we've got the radio on
Oblivious to schoolgirls' lies	You're gonna miss me when I'm gone
When I look back on those neon lights	You're gonna miss me when I'm gone
The leather seats, the passage rite	Racing shadows under moonlight
I feel the heat, I see the light	We're taking chances on a hot night
Miss Atomic Bomb	And for a second (8) we'd won
Making out, we've got the (3) on	Yeah we were innocent and young
You're gonna miss me when I'm gone	The dust cloud has settled, and my eyes are clear
You're gonna miss me when I'm gone	But sometimes in dreams of impact I still hear
Racing (4) (5) moonlight	Miss Atomic Bomb, I'm standing here
Through the desert on a hot night	Sweat on my skin
And for a second there we'd won	And this love that I've cradled
Yeah, we were innocent and young	Is wearing thin
Cast out of the night, well you've got a foolish heart	But I'm standing here and you're too late
So you took your (6)	Your (9) wave whisper has sealed your fate
But the fall from grace was the hardest part	Feels just like a dagger
It (7) just like a dagger	Buried deep in your back
Buried deep in your back	You run for cover
You run for cover	But you can't escape the second attack
But you can't escape the second attack	Your soul was innocent
Your soul was innocent	She kissed him and she painted it black
She kissed him and she painted it black	You should have seen your (10) face burning
You should have seen your little face	for love
Burning for love, holding on for your life	-Miss Atomic Bomb-
All that I wanted was a little touch
