And then I watch your face

Fill in the gaps

Sweater weather by The Neighbourhood

And all I am is a man	Put my finger on your tongue because you love to taste
I want the world in my hands	This heart's a door
I hate the beach	Everyone the other be touched is for
But I (1) in California (2) my toes in	Inside this place is warm
the sand	Outside it starts to pour
Use the sleeves on my sweater	Coming down
Let's have an adventure	One love, two mouths
Head in the clouds but my gravity's centered	One love, one house
Touch my (3) and I'll touch yours	No shirt, no blouse
You in those little (4) waisted shorts	Just us, you find out
Oh, she knows what I think about	Nothing I really want to tell you about, no
And what I think about	Because it's too cold for you here
One love, two mouths	And now, so let me hold both your hands
One love, one house	In the holes of my sweater
No shirt, no blouse	Because it's too cold for you here
Just us, you find out	And now, so let me hold both (6) hands
Nothing I really want to tell you about, no	In the holes of my sweater
Because it's too cold for you here	Because it's too cold for you here
And now, so let me hold both your hands	And now, so let me hold both your hands
In the holes of my sweater	In the (7) of my sweater
Before I may just take your breath away	(8) it's too cold for you here
I don't mind because now I might to say	And now, let me (9) both your hands
Sometimes the silence guides your mind	In the holes of my sweater
So move to a place so far away	It's too cold, it's too cold
The goosebumps start to race	The holes of my sweater
The (5) that my left hand	
Meets your waist
