Before the worst by The Script

You were adrift on memory bliss
In this Grafton Street on a rainy night

Fill in the gaps

It's been a while (1)	the two of us talked	I was down on one knee and you were mine for life	
About a week since the day that you walked		We were thinking we would never be apart	
Knowing things would never be the same		With your name tattooed across my heart	
With your empty heart and mine full of pain		Who would have thought it would end up like this?	
So explain to me, how we came	to this	Where everything we (6)	about is gone
Take it back to the night we kissed		And the only chance we have of moving on	
It was Dublin city on a Friday night		Is try to take it back before it all went wrong	
There were (2)	and coke, I was Guinness all	Before the worst, before we me	end
night		Before our (7)	decide
We were sitting with our backs against the world		It's time to love again	
Saying things that we thought but never heard		Before too late	
Who would have thought it would end up like this?		Before too long	
Where everything we talked about is gone?		Let's try to take it back before it all went wrong	
And the only chance we have of moving on		And if the clouds don't clear	
Is try to take it back before it all went wrong		Then we'll rise above it, we'll rise above it	
Before the worst, before we mend		Heaven's gate is so near	
Before our hearts decide		Come walk with me through	
It's time to love again		Just like we used to, just like we (8) to	
Before too late		Let's take it back before it all went wrong	
Before too long		Before the worst, before we mend	
Let's try to take it back before it all went wrong		Before our hearts decide	
There was a time		It's (9) to love again	
(3) we'd (4)	up all night	Before too late	
(5) friends yet talking	till the daylight	Before too long	
Took the joys alongside the pain		Let's try to take it (10)	_ before it all went wrong
With not much to loose, but so m	nuch to gain		
Are you hearing me? Because I	don't wanna miss you
