Bottoms up tonight I drink to you and I	At (4) you know that
Because with the morning comes the rest of my life	I still care enough to write
And with this empty glass I will break the past	Bottoms up tonight I drink to you and I
Because with the morning I can open my eyes	Because with the morning comes the rest of my (5)
I want this to be my awakening	
I (1) this one to you an anthem full of truth	And with (6) (7) glass I will break the
I tell you now an epic tale	past
Of what you've put me through	(8) with the morning I can open my eyes
And even though you don't deserve one of your own	And maybe I will see a different destiny
A melody, a song about the life that you let go	Like knowing you at all was only a bad dream
I can't believe that	I want this to be my awakening
I still care enough to write	No rest for the wicked they say
Bottoms up tonight I drink to you and I	Forgive me if I try to change
Because with the morning comes the rest of my life	No rest for the wicked they say
And with this empty glass I will break the past	Forgive me if I try to change
Because with the morning I can open my eyes	Bottoms up tonight I drink to you and I
I want this to be my awakening	Because with the morning comes the rest of my (9)
Yes I miss you still	
And probably always will	And with this empty glass I will break the past
I'm living with a busted (2) that I will have until	Because with the morning I can open my eyes
I find the strength	And maybe I will see a different destiny
I know it's somewhere in my bones	Like knowing you at all was only a bad dream
To pull the curtain up again and get on with this (3)	I want (10) to be my awakening
