I Love My Computer by Bad Religion

I love my computer		When I turn on you
You make me feel alright		I love my computer
Every waking hour		You never ask for more
And (1) lonely night		You can be a princess
I love my computer		Or you can be my whore
For all you give to me:		And it's never been quite so easy
Predictable errors and no identity		I've never been quite so happy
And it's (2) (3) (4)	so	The world outside is so big
easy		But it's safe in my domain
I've never been quite so happy		Because to you
All I need to do is click on you		I'm (7) a number
And we'll be joined		And a (8) screen name
In the (5) soul-less way		All I need to do is click on you
And we'll never ruin each other's day		And we'll be (9) for eternity
'cuz when I'm through I just click		And no one is ever gonna take my love
And you just go away		From me because I've got security
I (6) my computer		Her password and a key
You're always in the mood		
I get so turned on
