

Don't love the world if you don't love yourself

Fill in the gaps

Don't let anybody tell you what to be	Everybody
Turn the music up and just (1) it	Everybody listen to the words I say
Sha la la la la	I don't care what everybody say about me
Sha la la la la	Get your ghetto blasters and feel it
Dynamite all over my body	Sha la la la la
Live fast life's so extraordinary	Sha la la la la
If you feel that state of mind	Don't let anybody tell you what to be
Everything's gonna be fine	Turn the music up and just sing it
You know it's all up to you	Sha la la la la
You've got the strings and that fire too	Sha la la la la
Sing, Sha la la la la	But nothing's the same
Sha la la la la	Since you're gone
I (2) believe in my philosophy	I try so hard to forget (6) loving
Don't love the world if you don't love yourself	I remember your name when it's cold
Everybody	I remember that, we all need someone
Everybody listen to the words I say	I don't (7) what everybody say about me
I don't care (3) say	Get your ghetto blasters and feel it
about me	Sha la la la la
Get your (5) blasters and feel it	Sha la la la la
Sha la la la la	Don't let (8) tell you what to be
Sha la la la la	Turn the music up and just sing it
Don't let anybody tell you what to be	Sha la la la la
Turn the music up and just sing it	Sha la la la la
Sha la la la la	I don't care what everybody say about me
Sha la la la la	Get your (9) blasters and feel it
I live in a non-stopping party	Sha la la la la
I broke the rules, just like February	Sha la la la la
If I could turn back time	Don't let anybody tell you what to be
I wouldn't change my life	Turn the music up and just sing it
You know it's all up to you	Sha la la la la
You've got the strings and that fire too	Sha la la la la
Sha la la la la	Sha la la la la
Sha la la la la	Sha la la la la
I only believe in my philosophy
