

And you know that I'm true

## Fill in the gaps

And I want you to love me baby

I saw you walk down the street	And I'll be your baby
With some other girl	All I'm asking you for (3) you (4) out the
Always thought that I was the (1) one in your world	door
Baby can you tell me so	Is to be my baby, baby
Out of sight out of (2)	'Cause you knew from the start
Ain't what love ought to be	That you were working my heart
And I hoped all the time that you'd be faithful to me	Won't you be my baby
faithful to me	I remember our walk (5) Saturday night
All I'm asking you for when you walk out the door	Sweet harmonies filled and floated through our minds
Is to be my baby, baby	Never (6) this way before
I just want to be sure	We were riding so high on love and understanding
That forever and more	So why go (7) your time
You would be my baby	when you (8) got such a find
Love is just like a flower baby it has to grow	That is everlasting
And when you are away I'm even loving you more	All I'm asking you for when you walk out the door
I just have to let you know	Is to me my baby, baby
One on one is the way and	I (9) to be sure
That's the way it should be	That forever and more
So if you're not gonna stay	You would be my baby
Then don't be playing with me	All I'm asking you for when you walk out the door
You can set me free	Is to be my baby, baby
All I'm asking you for when you walk out the door	Because all this love is for you
Is to be my baby, baby	And you know that I'm true
Because all this love is for you	And I'll be your baby
