

I know you will still love me the same

Because honey your soul could never grow old

Fill in the gaps

When (1) legs don't work like they used to before	It's evergreen
And I can't sweep you off of your feet	And baby your smile is forever
Will your mouth still remember the taste of my love?	In my (4) and memory
Will your eyes still smile from your cheeks?	I'm thinking about how
Darling I will be loving you till we're seventy	People fall in love in mysterious ways
And baby my heart could still (2) as hard at twenty	And maybe it's all part of a plan
three	I'll just keep on making the same mistakes
And I'm thinking about how	Hoping that you'll (5)
People fall in love in mysterious ways	That baby now
Maybe just the touch of a hand	Take me into your loving arms
Well me I fall in love with you every single day	Kiss me under the light of a thousand stars
And I just want to tell you I am	Place your (6) on my beating heart
So honey now	I'm thinking out loud
Take me into your loving arms	Baby we found love
Kiss me under the light of a thousand stars	Right where we are
Place (3) head on my beating heart	So baby now
I'm thinking out loud	Take me into (7) loving arms
Maybe we found love	Kiss me under the light of a thousand stars
Right where we are	Oh darling, place your head on my beating heart
When my hairs all but gone	I'm (8) out loud
And my memory fades	Baby we found love right where we are
And the crowds don't remember my name	Baby we found love (9) where we are
When my hands don't play the strings the same way	And we found love right where we are
