

## Fill in the gaps

| I remember us alone                         | I was trying to hide                        |
|---|---|
| Waiting for the light to go                 | I'll forget what I've done                  |
| Don't you feel that hunger?                 | I'll be redefined                           |
| I've got so (1) secrets to show             | It's shaking the sky                        |
| When I saw you on that stage                | And I'm following lightning                 |
| I shiver with the look you gave             | I'll recover if you keep me alive           |
| Don't you hear that rhythm?                 | Don't (13) me behind                        |
| Can you show me how we can escape?          | Can you see me? I'm shining                 |
| I was (2) my time                           | And it's you that I've been waiting to find |
| I was trying to hide                        | I (14) to be the one you steal              |
| l'II (3) l've done                          | I want to be the one you shield             |
| I will be redefined                         | I (15) to be the one that your love         |
| It's shaking the sky                        | That (16) love can heal                     |
| And I'm following lightning                 | I want to be the one you steal              |
| I'll recover if you keep me alive           | I want to be the one you shield             |
| Don't leave me behind                       | I (17) to be the one (18) your love         |
| Can you see me? I'm shining                 | That your love                              |
| And it's you that I've been waiting to find | It's shaking the sky                        |
| I'm (5) it all tonight                      | And I'm (19) lightning                      |
| I'm (6) it all tonight                      | I'll recover if you (20) me alive           |
| You know that you make it shine             | Don't leave me behind                       |
| It's you (7) I've (8) waiting to find       | Can you see me? I'm shining                 |
| (bis)                                       | And it's you (21) I've (22) waiting to find |
| Now that we can hear that sound             | I'm holding it all tonight                  |
| I know (9) you can (10) me down             | I'm folding it all tonight                  |
| You can't (11) me under                     | You (23) that you make it shine             |
| You can raise everything to the ground      | It's you that I've been waiting to find     |
| Everything I can arrange                    | (bis)                                       |
| And every part of me you change             | It's you (24) I've been waiting to find     |
| Just (12) me together                       | (bis)                                       |
| Tell me you'll always want me to stay       |   |
| I was biding my time                        |   |
