

Fill in the gaps

rom the corner of my eye	A kiss is but a kiss
To the (1) of my mind	You'd be a (14) to want (15) from me
recognize (2) you mean to me	And I'm gone in a while
And all the (3) of our pictures	I'll be gone in a while
Are a long (4) afraid	I'll be gone in a while
They still symbolize what you mean to me	It's all that I do
You ask me to remember	From the (16) of my eye
A kiss is but a kiss	Through the back of my mind
Well I'd be a (5) to (6) more from you	I recognize what you (17) to me
And I'm gone in a while	And the easy promises captured in one kiss
'll be (7) in a while	We had and we (18) and we squander
'll be (8) in a while	That there's more
t's all that I do	Something more than me
'll cry and you cry and we'll cry	And I'm gone in a while
Till the (9) (10) black	I'll be gone in a while
And the devil (11) and (12) to us	I'll be gone in a while
And for a moment there is beauty	It's all (19) I do
t's not a simple yearning	It's all that I do
Sometimes it feels (13) it's all I've gotten	It's all (20) I do
t's all a dream	
And Lask you to remember
